

**Which parts of my business do I enjoy? What in my business is fun for ME?
What about them is fun?**

Which parts of my business are NOT at all fun for me? Why?

**Do I have to be the one who does the UNFUN tasks in my business?
Are there things I can delegate, give away, stop doing, ask for help
with that would allow me more room for fun?**

If I can't give them away, how can I make doing them MORE fun for myself?

What do I enjoy doing OUTSIDE of my business? Have I been doing ANY of that lately? How do I create more time for FUN outside of my work?

How do I create more time for FUN outside of my work?

If I was having more FUN outside of work, how would I feel about the UNFUN parts of business? Would I feel the same? Why or why not?
